Part 2 – group discussion - CPM Discussion Summary

Session introduction by Kona

Kona: Hi, good morning. I'm Kona Lisa Mahu. It is September 17, 2026, with the Center for Planetary Management. We have gathered. We have Jacques in France, Juan in Venezuela, Evan in the Philippines, Bob in Texas, and I am in New York, U.S. A. We have just had our gathering and bonding time checking in, and now Jacques is about to lead us into a meditation. Take it away, Jacques.

Centering moment as a Team by Jacques

Jacques: Okay my Friends we need to relax now, relax our mind, relax your lower muscles. Breathe slowly in and out. Now, we connect to the universe, to the Paradise center to receive this beam of light coming to us, to our crown chakra down through all our chakras, down to the earth. It is a healing light able to remove all our pains. We can project also this light all around us to remove all negativities in our vicinities.

We can ask our Thought Adjuster to hear us, as well as our Guardian Angels. Because this week, Bob wrote an article on Guardian Angels, that we'll share with our readers soon.

We connect as human starting by our heart line, clockwise around the globe, then with our mind line counter-clockwise around the globe. So, that we are encircled as humans. We ask our Celestial Friends to join: the Planetary Management Team from above: Machiventa, Sondjah and any other celestial who wants to join us. Now, we always salute those on the Sea of Glass and our Stellar Friends who have very good news and wisdom to share with us. We stay silent for 3 minutes.

Opening Prayer by Kona

Kona: Our Paradise Father, Christ Michael, Mother Nebadonia, we just come before you, humble ourselves. And all that we're trying to do in opposition to what has been in place on this planet for so long. We give so much gratitude for the changes taking place that we know are there, but sometimes it's hard to see the changes taking place in our own lives, our communities, the surrounding places where we live.

Just thank you that you continue to remind us that we are making a difference, even if we don't see it every single day. We thank you that you remind us that we are a ripple in the pond. We thank you that you remind us that our intentions are invaluable, and regardless of the obstacles Christ Michael is in complete control. He is our Creator Son, Machiventa is our planetary manager, and they do have compassion and grace and mercy for all of us here on this ever-changing, challenging world.

I'll just lift up everyone here, everyone who's missing from our team, but present with us in spirit. We pray that you would be with each person, surround them, cover them, protect them, hold them, cover them in love and compassion and mercy, and clarity of vision and thought in their hearts, their minds, their spirits. Lead, guide, and direct us to continue to build relationships where relationships can be built. Let us have conversations with divine appointments, those who are awakening and that you're calling into their Ascension careers.

Let us continue to be hopeful in the dark times. Let us continue to cling to you, to our Father Fragment, to Mother Spirit in dark times. And just thank you again for our many blessings and the promises that we will be taken care of, regardless of what we see happening around us. We say all of these things in the name of Christ Jesus, Christ, Michael. Amen.

Jacques: Amen. Thank you, Kona, for your beautiful prayer. And now Evan, I don't know if you feel that you have a message from the Celestial Administration, for us, before we start the meeting. Feel free to relax and let this message come in...

Evan: I think, I think that I have a very strong, sweet, and light presence at the same time, which is... Just the essence of our Mother, Mother's Spirit Nebadonia.

Main Addresses with Mother Nebadonia

1. Held in the Heart of Our Celestial Mother

Nebadonia: Good day, my children, this is your mother, Mother Spirit or Nebadonia, and I am here with you, as you are all my Children. And I have seen and I hear your prayers. And I see what you do in your lives every day. And I'm always with you as well as Christ Michael my consort, your Creator Son and I are always with you.

I am here only to tell you that I am never, ever far away from each one of you. I am like your mother, very much, very much near you, and [I] take you to my heart and my bosom, where you are nourished, where you are protected, where you are safe from all harm. This is where you must be when you are troubled in your lives. When you're anxious for the day. When you do not have any particular solutions to what seems a very big problem in your daily life.

Do not worry about these things, have more faith in Christ Michael and Myself. **Because we are always with you and we are your light, and you're always nourished and protected by both of Us.** Everything that happens in your life is something that you go through to learn something. You have to go through very thick bushes, and thorny, thorny plants and you get pricked many times. But those are just temporary little wounds, which cause you pain.

But these are very great lessons in life that bring you much closer to Us, come closer to Me. I am your Mother, I am your inspiration, and you have very strong protection from any harm. Nothing will happen to you, nor to your families, not to any of your loved ones. **Give all these little anxieties to Me, and I will take care of them for you. Leave them with Me, as I carry you in my bosom.** Because you are very near my heart, you're my beloved children. I love you dearly, and know that Christ Michael and I are always, always with you. Thank you, and good day.

Jacques: Thank you, Mother Nebadonia. Thank you, everyone. Wow, what a beautiful message from our world. Celestial Mother. As she said, give your pain to me and to Christ, my God.

Kona: Thank you, Evan. Thank you, Mother Nebadonia. Jacques, I'm going to let you facilitate today.
